

# \$100 Rebate Smart Leak Detector

Customers of Helix Water District and Sweetwater Authority are now eligible for a \$100 rebate for the purchase of a qualifying smart leak detector device!

Smart leak detectors allow you to monitor your home's water use in real time, 24/7. They sync to your smartphone and alert you if there is high consumption or a leak at your property. This can help you manage your daily water use and protect your home from expensive leaks.

---

## Eligible Devices

Any device that meets all of the following characteristics is eligible for the rebate program:

1. Automatically records water use at a minimum of five minute intervals;
2. Automatically notifies users of unusual water usage including spikes in usage and continual flows; and
3. Provides customers with a platform to view their water consumption data.

## It's easy to apply!

1. Purchase a qualifying device on or after August 1, 2019.
2. Complete the application.
3. Submit your application and a copy of your sales receipt to your water district.

APPLICATION AND DETAILS AVAILABLE AT

**[hwd.fyi/SLD](http://hwd.fyi/SLD)**

---

## Examples of models that meet these characteristics include:

### Plumbed Devices

- Buoy (buoy.ai)
- Flo by MOEN (moen.com/flo)
- Phyn Plus (phyn.com)
- StreamLabs Control (streamlabswater.com/control)

### External Devices

- Flume (flumetech.com)
- StreamLabs Monitor (streamlabswater.com/monitor)

Some devices require tapping into your existing plumbing system and may require a licensed plumber for installation, while others simply attach to your water meter. Learn more about plumbed versus external devices at [hwd.fyi/SLD](http://hwd.fyi/SLD).
